

Day #2 – Anik & Andrew Closeout

Andrew: Hey Anik, are you there?

Anik: Yeah Andrew, I'm right here. Dude, I've got to tell you, wow, exactly what you've shared is exactly what we did to find each other. I don't know if you remember this, but we were talking about this earlier today when we started. I can't tell you guys enough, I don't even have my outsourcing down to such a great process that Andrew shared with you. For 13 years I've been outsourcing, I've built my business using outsourcing. Trust me. In our company we've got probably, at this point, 20 people that have some relationship with us whatsoever. It doesn't mean they're employees, a lot of them are outsourcers. Probably found 6 or 7 of them on a \$50 project on an outsourcing website. We just built off our relationship from there. It's absolutely critical that everybody listening right now, take whatever Andrew just shared to your heart, and really be willing to go out and start bringing in a couple people to help you build your business.

Guys, today has been one of the most powerful sessions that I've ever done on a virtual workshop. I mean, we had Jack blow off the lid when it comes to ... I'm telling you right now, before the day is over, we're basically at the end of today's session. Before the day's over, you got to go in, as a bare minimum, earn your niche badge inside the profit cabins. Just go there, go to the badging system and get that badge. It is time that, at the bare minimum, you need to choose your niche now. Stop waffling on it! Guys, even if you choose the wrong niche, it's okay. Let's just go make your first dollar. Once you learn the process, do you know how easy it is to change it? I mean look at what everyone shared with you today, Jeff, Zane, Andrew. You can rinse and repeat that. Everything we shared yesterday. Everything we've shared for weeks now in the training. You can rinse and repeat all of it. All of it. So easily.

It's always the first one that actually takes a little bit of time. Right now my goal for you is simple. I need you to make your first dollar. I don't need you to change the world, okay? If you choose the wrong niche, it's okay. Just choose a niche. Get that badge. Let's move forward. If after you've gotten there, you've earned your first dollar, you've learned a little bit more about the niche, you've been in the niche, and you decide you want to change things up, you can! We're still going to be here to help you. We're still going to be here to answer your questions, participate in a forum, answering your support tickets. You're not losing any of that. What you are going to lose is a lot of time, and a lot of decision making time, if you just sit here and be indecisive about the niche, so just pick one and move forward now, okay?

Next, we learn about how to find the best affiliate offers, again, brilliant. You really just need one of them, even to make your first dollar, right? Our focus right now is, got to get you to make your first commission. That's the 30 day challenge you have until April 17th to do it. Again, we're focusing around that

Day #2 – Anik & Andrew Closeout

right now. We learned such great stuff about how to write good auto-responders and good newsletters, so you can write powerful e-mails. That's going to be one of the biggest things in helping you make money. Of course, we're blown away here. Andrew, that was an excellent presentation, by the way. Seriously, it was excellent. I hope everybody here takes everything that you just said to heart, and goes out and finds themselves at least one person who can really help them just build a powerful business using such great, inexpensive labor that's out there now through the whole international workforce environment.

Andrew: Thank you.

Anik: Seriously Andrew, that was tremendous. You know what, Andrew? If I have your permission, I'd say let's go ahead and let's wrap up the day. I have a few things I want to go over with everybody, want to encourage them to participate in. Are you cool with that, Andrew? If I start wrapping up the day?

Andrew: Sure, sounds good.

Anik: All right! Andrew you've done a tremendous job, by the way, as a host. What do you guys think, huh? Everybody think Andrew just did a tremendous job these last two days, just killed it? We have learned so much. Want you to go to that question box and just type in, "Andrew, you rock!" I want you to go to that question box and type in, "Andrew, you rock!"

Andrew: Oh Jesus.

Anik: Andrew, you see that? You see them pouring in? Oh my God, I wish you guys see what we're ...

Andrew: Thank you, guys. Thank you.

Anik: Wow, that's crazy. Hundreds of people. See Andrew? You've got a fan calling now. People love you. We've got people saying here, "He didn't rock, he kicked ass!" I am not supposed to say that word I think on ...

Andrew: You guys are too kind.

Anik: ... live things. We just had another student here. Juan says, "Andrew, thank you so much. Your training was brilliant."

We've got Melissa that says, "It was a pleasure spending the last few days with you, Andrew. Great job!"

Day #2 – Anik & Andrew Closeout

We've got Samuel. Samuel asks, "Andrew was your first one that you've ever hosted? If so, you did absolutely amazing."

Andrew, was that? I think it was your first one, right?

Andrew: Yes, it is the first that I have hosted.

Anik: All right! Guys, I am going to try to get him to host more. Man, I think you liked him more than you like me! I'm seeing all this ridiculous feedback coming in. That's amazing. Andrew, great job. Congratulations. Thank you so much, and I know all the student very appreciative of your time and effort. Guys, we're going to wrap up here, but before we do, I've got a few URLs I've got to push down you again. I need to make sure you guys are taking action and you're utilizing everything we've got.

Number 1, Fred yesterday revealed to you, iProWorkshop.com. What the heck is that? Guys, I'm telling you right now, you have to go register. Forget about registering, you know what, don't even register if you're not going to be there live. This is the only time I'm going to be so hard about this with you. You must be there live! You must be there live! Must be there live! I can only say this 18 times. Write it down on your calendar. You cannot ignore it. When that time comes, and gotowebinar sends you an email that says, "Okay, it's time. We're here. We're live." Actually we're not doing that with gotowebinar, we're doing it with Google Hangout. When that time comes and I send you an email, guys you can't be sitting around thinking, "Ah, I'm tired right now, I'll go later." Here's the reason why.

Fred, I can't even begin to tell you, how much I have worked him to get him to do this training. This guy is one of the top traffic investors in the world. He is sought after by Fortune 500 companies. He has no time in the world. He said no to me for a year! Finally, I don't know how I did it, but I am a persistent, consistent, and very demanding man. I got him on board, I twisted his arms. He is not only teaching me and helping me build my business and building my traffic, but he agreed to come on and help you do the same. You need to register for this, okay? I've pushed him and pushed him, and he's put together a really cool program that is only available right now Profit Academy students, that'll basically make you the master of traffic. He is going to share things with us live that I have to contractually delete from the subsequent replays. Why? There's certain secrets of his that he cannot afford to have on a video that has the risk of getting distributed all over the world. You guys need to understand that I will be deleting those parts and then you'll miss out on it, and you won't have access to it at all. Unless, you are there live. Go to iProWorkshop.com, dates and times are right there. Register for it, make sure you're there. Make sure the time and everything is marked on your calendar. You cannot miss it. You cannot, cannot, cannot,

cannot, cannot miss it, okay? I think I pushed that one hard enough, so everyone understands the urgency and importance.

Next, ProfitAcademyLive.com. We are running out of seats officially. More than anything, I think we only have 50 rooms left at our room block at Rio, Las Vegas. Take it seriously. Here's what habit we have with the live events. I've done so many of these. My last live event had 750 people, we're probably going to have 1,000 at this one. Here's what I've seen our students do, they wait to the last minute. They have an inclination that they're going to go the whole time, they know they're going to go, but they wait until the last minute to book their hotels, their flights, their tickets.

Guys, guess what? This time you're going to pay a very big price, for waiting last minute. Because right now there is a massive event happening in Las Vegas at the same weekend that we are. It's a big fight. I don't know if you guys follow boxing but fights in Vegas, means the whole city shuts down. Hotels at some places have already gone north \$500. I was just checking earlier. Now our room rates are blocked at less than \$100. You need to book your room, otherwise you will absolutely run out of ... [inaudible 00:08:54] hundreds of dollars. I don't want you to spend hundreds of dollars on a room, when I've already negotiated a great price for you. That additional money I'd rather you invest in traffic and build your business. Take it seriously. You can come with a guest. All you have to do is put down \$97 to secure your ticket. We will refund it to you when you show up at the event. It's just a refundable deposit so then when we make sure when we're prepared for you, you show up because it costs us a lot of money. I'm spending \$350,000 out of my own pocket to put this event together.

Guys, I am telling you, I am bringing in the top experts from around the world. We're bringing in the top vendors, you'll be able to meet representatives from the best companies that you work with, including [inaudible 00:09:32] and some other companies I'm not going to share just yet, they're secret. You've got to be there. I'm putting a lot of time and energy into this. A live event is what changed my life. If there's anything I can do right now is, to tell you have to be at ProfitAcademyLive.com. Go there right now, fill in the form, reserve up to 2 tickets that you can reserve. Be there May 1st, 2nd, and 3rd. Be there. Now as soon as you register you're going to get hotel registration information. You're going to get the ability. Go do it now! Book the hotel. Don't risk it. Because when we run out, we run out. Go do it now. Go to ProfitAcademyLive.com. Go there right this minute and register and save your seats. Please take this super seriously. Later on, don't come to me and say, "Aw man, I wish had listened, but I was just" ... Listen! We don't have much space left all ready. I'm going to talking a lot about this event the coming week anyways, because I've got to get you guys to take action and be there.

Next, I've got a big even coming up on Tuesday at 3pm eastern time. You've got to go to ProfitAcademyStart.com, make sure you're registered for it, it will be on Google Hangout. We've got about 1,000 plus people coming to it every week so I want to make sure that you are there. Tuesday, 3pm, ProfitAcademyStart.com. Don't forget, we have our 30 day challenge, it ends on April 17th. Got to go into the ProfitAcademy.com website, earn all the badges that you've currently earned, just submit the proof. We approve them within 24 hours.

I'm waiting for everyone who can earn the \$1 badge by April 17th, you will be put into a very special team. You will be given all kinds of cool prizes and gift from me directly, and some of you might even start getting surprise phone calls from me. You got to do whatever you can do to fight to get that first dollar badge, you have until April 17th, if you want to be a part of our very special team that we're putting together. That comes with a strong deadline and it will end on that deadline. Meaning, April 17th is the deadline. Guys, 30 day challenge. If you want to know more about it, make sure you're inside the Profit Academy members area, we're got to put a bunch of banners and everything in there, so that you can get all the information you need, or you can come also on Tuesday at 3pm, make sure you're there with me directly. Make sure you go to iProWorkshop and register for that.

Last but not least, anybody who was interested in getting your personal, private coach for 90 days, we have very few seats. As a matter of fact, funny enough, when we were going over today's session, 2 more people booked up our coaches, so we have 3 seats left at the moment. I'll tell ya, I do believe we'll have a few more seats open up midweek, because we have some students graduating from the program as well. From not this Profit Academy class, but from another class we had run, that started earlier this year. Hopefully I should be able to open a few more seats, but the first and best thing for you to do, is to go to VSSCoach.com, fill in that form. Someone will be in touch with you. We'll find out whether you qualify, and I'll put you into the loop. You get a chance to actually speak to someone on the phone by the way, you can ask all your questions.

Yes, before you even go there, there is an additional investment required, if you want a 1 on 1 coach for 90 days. I can't cover that out of this fee. If for any reason you can't afford that initial investment, it's fine, guys. We're still here. I'm still helping you through Profit Academy, just some of you want to take super fast action and you really want to work with someone personal. I'm making this available, because you guys have been demanding it. VSSCoach.com, when you got there, fill in that short form and we'll be in touch with you, and we'll try to do whatever we can to help you and meet your demands, and meet your needs. At the end of the day, all we do is care about you guys. Your success is our success. That's the only way for us to succeed.

Day #2 – Anik & Andrew Closeout

All right, having said that, guys, thank you so much for being here, and I want to applaud you. I really, really want to applaud you, okay? You guys have been amazing. You seriously have been. What I want you to do, I want you to go to that question box right now and I want you to type in the word proud. All capital letter. Type it in right now. Go to question/answer box type in PROUD. P-R-O-U-D. PROUD. Because I want you to be proud of yourself. I want you to be proud of all your fellow students in this family, in this community. We are working hard. You just spent the weekend with us. You're learning. You have the vision, the passion. You're putting in the time. You're taking action, that's all it takes. You're just \$1 away from having the greatest tipping point in your financial life ever. Trust me. Believe me. Oh by the way we have got ... Andrew, do you see that? We've got hundreds of people pouring with the word proud. Wow.

Andrew: Pretty amazing.

Anik: One says, "Proud as H-E-double hockey sticks." I won't say the word. You guys always type in curse words here and get me to say them because I get pumped up and then I get yelled at later, so I'm not going to say these words! Guys, I am very proud of you. I want you to know that. I just know that all of you are going to hit that \$1 badge before April 17th, and all of you that are listening will change your life. I know it. I believe it. I can't wait for you to do it. Andrew, any final closing words from you?

Andrew: All I got to say is I'm really proud of you guys for showing up and being engaged, listening, and interacting with us, asking some great questions that we were able to answer during the presentations. I want to say one more time, I hope you guys learned a lot. I hope you take action on what you learned. It's been just an amazing experience hosting this weekend workshop. I want to thank you, Anik. I want to thank Jeff. I want to thank Zane. I want to thank Fred. I want to thank Shawn. All of you guys for taking time out of your busy schedules to share this amazing information. Like I said, it's been a real honor. I look forward to hearing about the cool results you all get and all the money you make. Thank you all. I hope you had a great experience here, and if there's nothing else, I believe we can close this up and go forward. Take action.

Anik: All right, everybody. Thank you, Andrew, for such a great job and for being such a brilliant host and helping us all out. Thank you everyone for giving us your weekend, and for taking action, and for doing all the great things that we've told you to do. Go out. Go prosper. Take action. Kick butt. Change lives. Let's do it. Everybody, this is Anik Singal signing off.
